Please find listed below the process for applying for need-based financial aid if you plan to take a Summer Session 2024 course at Babson and need financing options.

Financial aid applicants should complete page 2 of this form and submit it to SFS by **April 1, 2024**. Save a copy of page 2 with your name included in the file and email a copy to sfs@babson.edu. If you have any questions related to financing options or submitting the form, you can email your SFS counselor for assistance or reach out to SFS at sfs@babson.edu. Please note the following:

- Financial aid applicants must complete their 2024-2025 financial aid application by **April 1, 2024**. Your 2024-2025 financial aid package, including summer, will be available by April 22, 2024. You can confirm the status of your 2024-2025 file using the [Babson Hub](#).
- Payment for summer, including any financial aid, is due on Wednesday, **May 1, 2024**. Your summer registration will be at risk of cancellation prior to the start of classes if payment is not received on a timely basis.
- Funding is limited; students who plan to take 6 or more credits during the summer will typically have more financial aid options available to them as many programs require half-time attendance (6 or more credits). We are unable to provide institutional funding for repeated or substituted courses due to a failure or withdrawal from a course.
 - Students who receive full-tuition scholarships (*Posse, Diversity Leadership, Weissman, Global Scholars, Enrico, Baldwin Richardson, NFTE, AMBSEL*): Your award covers full-tuition up to 8 semesters, plus two courses.
 - Federal Direct Loan: If you will be enrolled in 6 or more credits during the summer and are a U.S. citizen /Permanent Resident, you can borrow through the Federal Direct Loan program.
 - Supplemental Loans: If you have borrowed supplemental loans in prior semesters, that may be an option for summer as well. You can find additional loan information on our website at www.elmselect.com.
