The Babson College Fund (BCF) is an academic program in which selected students manage a portion of the Babson College endowment. The current value of funds under management is approximately $2 million. The program is directed by Professor Rick Spillane and Executives-In-Residence who are industry professionals. The program seeks to provide a rich educational experience through the development of investment research skills and the acquisition of portfolio management experience. Additional information is available at: [http://www.babson.edu/Academics/centers/cutler-center/babson-college-fund/Pages/home.aspx](http://www.babson.edu/Academics/centers/cutler-center/babson-college-fund/Pages/home.aspx)

The program is highly selective so your feedback is valued and appreciated. The information you provide will be used only for the purpose of selecting BCF managers.

The Trustees seek managers who are intelligent, responsible, mature, highly self-motivated, willing to work hard, eager to learn, and who have demonstrated an interest in investments. Experience is not necessary, but is a consideration insofar as it demonstrates interest and dedication.
