CENTENNIAL
1919–2019

“For 100 years, Babson College has been at the forefront of business and entrepreneurship education, preparing entrepreneurial leaders to create economic and social value everywhere. This year, we are excited to commemorate Babson’s Centennial and embark on a second century of innovation and leadership.”

– Kerry Healey

From the **PRESIDENT**

For 100 years, Babson College has been at the forefront of business and entrepreneurship education, preparing entrepreneurial leaders to create economic and social value everywhere. This year, we are excited to commemorate Babson's Centennial and embark on a second century of innovation and leadership.

Looking back on my six years at Babson, I am exceedingly proud of our record of accomplishments and the impact Babson is making on campus, in our community, and across the globe: enrolling our most well-qualified undergraduates; working to make Babson more accessible and affordable; transforming our campus; achieving record-breaking fundraising; and taking Babson to the world through online education and new satellite locations.

As we look to the future, Babson will continue to prepare entrepreneurs of all kinds to lead and make a difference. At 41,000 and growing, Babson's alumni and friends are poised to tackle the world's most pressing challenges – creating jobs, strengthening communities, and generating social and economic value simultaneously. The heart and home of that global network is here in Needham and Wellesley, and we are incredibly grateful to all of you – our neighbors – for supporting our campus and community.

These pages contain a snapshot of Babson's recent achievements and serve as a prelude to our ongoing success. It has been an honor to lead this incredible institution and to launch Babson's second century as the recognized global leader in entrepreneurship education.

All the best,
Kerry

A handwritten signature in blue ink that reads "Kerry". The signature is written in a cursive, flowing style.

COMMITMENT TO COMMUNITY

Babson teaches students that—by creating social and economic value simultaneously—they can transform lives, businesses, and communities for the better. Putting what it teaches into practice, the College prides itself on the increasingly positive impact it has on its local community.

Financial and Educational Impact

2013–2018 Measures of Impact

\$107 million

to Wellesley and Needham

THROUGH ECONOMIC ACTIVITY AND CHARITABLE CONTRIBUTIONS

COMMUNITY ACTIVITY

\$2.1 million spent locally by Babson students every year

Powering Volunteer Efforts

200,000+

hours volunteered by students, faculty, alumni, and staff at local organizations

Office of Faith and Service

programs benefit the children of the Wellesley, Needham, and Framingham housing authorities, Framingham and Natick elementary schools, and the Boys & Girls Clubs of Boston

1,000

children served by after-school and entrepreneurial leadership programs

Sustainability

2013–2018

166 TONS

FOOD WASTE DIVERTED TO BE COMPOSTED AT LOCAL FARMS

12%

REDUCTION IN CARBON FOOTPRINT

2050

YEAR BABSON HAS PLEDGED TO BE CARBON NEUTRAL

STUDENT EXPERIENCE

Babson provides students with a truly transformative experience, and is able to do so through strategic innovations that foster intentional diversity and improve access to, and affordability of, a Babson education. The College's generous financial aid programs make this all possible.

Financial Aid

One of the many ways in which Babson students prepare for successful and productive lives is through competition in the College's varied athletics programs. Our student-athletes learn: how to manage setbacks and recover; the value of preparation and perseverance; and, most important, the skills required of every effective leader.

Babson has made an incredible investment in its campus, including the development of impressive new spaces and resources, designed with a range of sustainable features. All master plan projects have either been or are expected to be Leadership in Energy and Environmental Design (LEED)-certified, including the impressive Weissman Foundry—an open-door design studio inspiring transdisciplinary collaboration among Babson, Franklin W. Olin College of Engineering, and Wellesley College students.

\$200 MILLION Dedicated to campus upgrades and transformations since 2013

Strengthening family businesses was the core of Babson's founding mission in 1919. Today, upward of 80 percent of jobs worldwide are created by entrepreneurial families. Through the activities of the new Institute for Family Entrepreneurship (IFE), as well as the Stephen D. Cutler Center for Investments and Finance and Babson's Richard W. Sorenson Center for the Arts, Babson offers graduates a unique opportunity to become the world's well-rounded business leaders of tomorrow.

GLOBAL IMPACT

We want to put the power of entrepreneurship as a force for economic and social value creation in as many hands in the world as we can. Via new online course collaboration with companies like edX and Ilumno, the expansion of executive education offerings, and the launch of the new Babson Academy for the Advancement of Global Entrepreneurial Learning, Babson continues to increase access to its renowned entrepreneurship education worldwide.
