CALL FOR PAPERS

36th Babson College Entrepreneurship Research Conference (BCERC)
Co-sponsored by The University of Nordland Business School and Nordland Research Institute
Bodø, Norway, June 8-11, 2016

Abstract Submission Deadline: October 14, 2015
Doctoral Consortium Application Submission Deadline: December 2, 2015

Please join the world’s leading researchers and Babson College for the 36th Babson College Entrepreneurship Research Conference (BCERC), co-sponsored by The University of Nordland Business School and Nordland Research Institute, June 8-11, 2016, in Bodø, Norway. The conference is scheduled to begin on Wednesday evening, June 8, with a welcome reception, the conference sessions begin on Thursday, June 9, and end on Saturday, June 11, 2016. The Doctoral Consortium held in conjunction with the BCERC is scheduled to begin on Wednesday, June 8, and end on Saturday June 11, 2016.

FOCUS AND OBJECTIVE

The focus of the conference is on cutting-edge empirical research in progress. The conference is not a forum for research on topics where entrepreneurship or venture creation is a side issue or where the focus is on small business management. We are looking for cutting-edge research that will advance the field in significant ways.

ABSTRACT SUBMISSION GUIDELINES FOR THE 2016 BCERC

• Empirical papers are considered.
• Abstracts should not exceed two (2) Single-spaced pages, and may not exceed the maximum limit of 900 words.
• We will use a double-blind review process. To facilitate the blind review process, the author(s) name and information should NOT appear anywhere on the abstract. We will keep track of abstracts using the computer generated number that you will receive when you submit your abstract.
• Once an abstract is submitted, you cannot change the paper title. If accepted, the title will remain the same in the conference schedule and in Frontiers of Entrepreneurship Research (FER) BCERC Proceedings.
• You can submit up to 2 abstracts. If your name appears on more than (2) two abstracts, we will ask you to withdraw the additional abstracts.
• No paper can have more than (5) five authors.
• All abstracts are to be submitted electronically on the BCERC website, www.bcerc.com. The on-line abstract submission site will open on September 16, 2015. The deadline for submitting an abstract is October 14, 2015.
• When submitting your abstract please be prepared to:
  o Enter the title of the abstract (this title cannot be changed. It will be the title used in the conference schedule and FER).
  o In the appropriate field enter the contact information for ALL authors on the abstract: name, affiliation, and email address. Author information should not appear on the abstract.
  o Choose a Main Topic from the list provided on the BCERC abstract submission site, and select the sub-topic that best reflects the content area of your abstract. The Main Topic and the sub-topic you select will be used in assigning reviewers and developing the conference program. If you are unsure, you can select “other.”

All submissions will be acknowledged by email.

SUBMITTING ABSTRACT(S)

The following suggestions are provided in response to questions that have been previously asked on how to improve the chances that your abstract will be accepted.

The conference has 14 senior reviewers (Board of Reviewers) and a group of Ad-Hoc Reviewers. Every abstract is evaluated by two to four reviewers. While each reviewer makes independent judgments, there are some common threads that seem to distinguish accepted from rejected abstracts.
The importance of the topic for entrepreneurship research and practice is explicit. These papers open up new research frontiers or offer new insights or perspectives that enrich discussion and discourse. Papers should address important, timely, and relevant topics.

Papers should clearly explain the methods used to collect and analyze the data. Sources of data should also be clearly stated. It is also useful to state the current stage of data collection and when you expect to complete the data collection and analysis.

If you are submitting an abstract on a continuing stream of research that you have presented at a previous conference, please explain what is new about the project in the abstract that you are submitting for the 2016 conference. Once you have presented a paper at a BCERC on a particular data set, it is less likely that the reviewers will accept another abstract on that same data if it is only a minor refinement of previous work (e.g., a more elaborate statistical analysis).

The reviewers will consider the potential for completion of the work described in the abstract.

Reviewers assume that authors of accepted abstracts entered with good faith and expect that the analysis proposed will be competently completed in time for the conference.

Do not include references, tables, and the like in the abstract. Also, as noted elsewhere, your name or contact information should NOT appear anywhere in the document.

FRONTIERS OF ENTREPRENEURSHIP RESEARCH (FER) BCERC PROCEEDINGS

The selection of papers for publication in Frontiers of Entrepreneurship Research BCERC Proceedings is based on the completed paper due before the conference. Any paper accepted for the conference is a candidate for publication in FER. Papers will be peer reviewed by the 2016 Board of Reviewers. The top 40, 6-page abridged papers will be published in the 2016 issue of FER. If your 6-page abridged paper is selected as a candidate for one of the Best Paper Awards, we will ask you to submit a 15-page full paper for consideration of an Award, although only the 6-page abridged paper will appear in FER. The abridged papers are not copyrighted by BCERC, and authors are free to publish the same material in any form in any venue with a notation that the work was presented at the 2016 BCERC and appears in Frontiers of Entrepreneurship Research BCERC Proceedings.

In an effort to complete the publication of FER in a timely manner, the 6-page abridged papers that are not submitted by the deadline date will not be reviewed and therefore will not be considered for inclusion in FER.

PARTICIPATING IN THE CONFERENCE

The three routes for participation in the research conference are:

1. The primary route is the submission and acceptance of a 2-page abstract on any topic dealing with entrepreneurship.

2. A second route for attendance is for habitual conference participants who select not to offer a paper for 2016. Any person with a total of four or more points from the preceding five years can request "non-author" admission. "Non-author" admission is based upon the extent of research contribution during the previous five years. Each author earns "points" as follows:

   • One point is received for presenting a paper at a conference during the years 2011 - 2015.

   • If the 6-page abridged paper is published in FER, the author receives another point.

   • Regardless of the number of papers that are presented or published, an author may earn only one point in each category in any one year.

3. The third route is by invitation. Those who have not been active in the past and are not planning to present a research paper are asked to send a letter or email of interest directly to the Director:

   Andrew Zacharakis, at: zacharakis@babson.edu, and a copy to: papavasiliou@babson.edu

The 2016 conference will be limited to 350 people. The conference fees for authors of abstracts accepted for presentation at the conference and for researchers who attend on "points" is $800.00 USD. Once participants in these two categories have registered, special requests to attend the conference may be extended to others who provide a letter of application. The conference fee for invitation by special request is $1,000.00 USD.

2016 BOARD OF REVIEWERS – BCERC

Andrew Zacharakis, Babson College, USA, Director, BCERC

• Keith H. Brigham, Texas Tech University, USA

• Bart Clarysse, Imperial College of Business School, UK

• Dawn DeTienne, Colorado State University, USA

• Lars Kolvereid, University of Nordland Business School, Norway

• M. Audrey Korsgaard, University of South Carolina, USA

• Christian Lechner, Free University of Bozen, Italy

• Alexander McKelvie, Syracuse University, USA

• Erik Noyes, Babson College, USA

• Annaleena Parhankangas, University of Illinois, USA

• Simon Parker, Richard Ivey School of Business, Western University, Canada

• Tatiana Manolova, Bentley University, USA

• Vesa Puhakka, University of Oulu, Finland

• Paul Steffens, Queensland University of Technology, Australia

• Friederike Welter, University of Siegen, Germany
DOCTORAL CONSORTIUM

OBJECTIVES

The annual entrepreneurship Doctoral Consortium will provide 25 doctoral students intending to pursue research and teaching careers with the opportunity to:

- Gain insight into current research issues and methodologies in entrepreneurship through intense interaction with the consortium faculty.
- Meet leading research scholars in the entrepreneurship field and examine and discuss their latest endeavors.
- Meet and share strategies and experiences with other participants.

PROGRAM

Participants are required to attend the complete conference, as well as both sessions of the Doctoral Consortium.

The Doctoral Consortium begins on Wednesday, June 8, 2016 at 8:30 a.m. and concludes on Saturday, June 11, 2016. The research conference will begin at 8:30 a.m. on Thursday, June 9, and concludes on Saturday, June 11, around noon.

The pre-conference sessions will emphasize a discussion of research in entrepreneurship and the interests of the doctoral student participants. The post-conference sessions will discuss research in entrepreneurship drawn from their experiences at the Conference.

FEES, EXPENSES AND FINANCIAL ASSISTANCE

Doctoral Consortium Participants will be responsible for their own travel and incidental expenses. Babson College will provide a significantly discounted conference registration fee for the 25 best qualified applicants (projected to be $700.00 discount meaning a conference fee of $100.00). The conference registration fee includes the following: lunches and refreshment breaks during the consortium and conference, Wednesday and Thursday evening receptions, and the Friday evening reception and dinner. Failure to attend the conference and all sessions of the Doctoral Consortium will result in withdrawal of the grant. Additionally, you will be required to pay the full $800.00 conference registration fee.

Doctoral Consortium participants will receive all materials distributed to conference attendees.

HOW TO APPLY

There is no formal application form. Applications are to be submitted electronically on the BCERC website at www.bcerc.com. The deadline is: DECEMBER 2, 2015.

If you do not have a password please click on the BCERC membership link to enter your contact information and generate a password.

An application consists of the following three documents:

1. An up-to-date resume.
2. A statement from the Dean or an equivalent university official indicating that the applicant is a student in good standing in a doctoral program.

Note: Doctoral candidates who are authors or co-authors of an accepted abstract do NOT automatically qualify for the Doctoral Consortium, but must apply for admission, as stated above.

Applications will be considered only when all THREE required documents above are received electronically via the BCERC website.

Applicants will be notified by the end of January 2016.
