ABSTRACT GUIDELINES

• A two-page, maximum 900-word abstract, to include Principal Topic, Method, and Results, should be submitted online to www.bcerc.com no later than October 14, 2015. Abstracts will be double-blind reviewed.

• Authors will be notified via email in December 2015 on acceptance of abstract. A one-page, maximum 400-word count summary is due March 2016. A 6-page abridged paper is due in April 2016.

• Papers will be evaluated by members of the Board of Review, 40 of the top papers will be selected for inclusion of their 6-page abridged paper in the 2016 issue of Frontiers of Entrepreneurship Research BCERC Proceedings (FER). The papers not selected as the top 40 will have only the one-page summary in the 2016 issue of FER.

DOCTORAL CONSORTIUM

The Doctoral Consortium is scheduled for June 8 and June 11, 2016. Twenty-five doctoral students pursuing research and teaching careers will have an opportunity to participate in the program and attend the conference. Application deadline is December 2, 2015.

Information on BCERC Call for Papers and Doctoral Consortium can be found on our website at www.bcerc.com.
At Babson College, entrepreneurship is more than just an academic discipline—it's a way of life. Connecting theory with practice, we infuse entrepreneurship education throughout our curricula and cocurricular activities. The skills learned through our entrepreneurship programs are vital to the success of any business—large or small, public or private, corporate or nonprofit, local or global.

We are committed to implementing innovative approaches in our integrated, experience-based learning environment. Our campus is a living laboratory, where we experiment, improve, and evolve how to teach entrepreneurial process and foster entrepreneurial mindsets. We then take what we learn from our students’ and executive clients’ experiences to accelerate the ever-extending outer frontier of the field of entrepreneurship education. Visit Babson College’s website at www.babson.edu.

The University of Nordland Business School (former Bodø Graduate School of Business) was founded in 1985. We offer a range of study programs at undergraduate, graduate, advanced graduate and PhD level. The business school admits about 560 students each year, and are currently enrolling 1700 students at Bachelor, Master and PhD programs. Our research flagships at the Business School are entrepreneurship and innovation, and high north studies. The Business School is one of four faculties at the University of Nordland. With learning facilities across the high north, University of Nordland is an important institution of teaching and research in the region. The University of Nordland Business School represents Norway’s leading research group on entrepreneurship. Visit our website at www.uin.no/en.

Nordland Research Institute is a non-profit research organization, founded in 1979. The main owner is University of Nordland. Major research fields include regional development, welfare studies, environmental issues, innovation and entrepreneurship. The institute employs a staff of 35, hereof 15 within the field of innovation and entrepreneurship. Entrepreneurship research is one of our four strategic areas, and has been central to the institute for the last two decades. Visit our website at www.nordlandsforskning.no.
