Thank you for participating in the Undergraduate Admission Interview program. We are thrilled that you are taking the time to give back to Babson College and to engage with Babson’s future entrepreneurial leaders.

PROGRAM OVERVIEW
Alumni from around the world will be participating in the program with the goal of helping applicants connect with the Babson community. As an alumni interviewer of prospective students, you are playing a very important role in the applicant’s experience. The interview will give applicants the opportunity to ask questions about Babson, and they will be using this information as they decide where to attend college. Your conversation with the student will shape their thoughts on Babson College and also help Admission gain additional perspective on the applicant.

PROTOCOL
Please note the following details about the interviews, whether Event Dates or Rollin Interviews:

- Each interview should last approximately 25-30 minutes and should include time for the student to ask questions.

- At the end of the interview, the alumnus is responsible for providing a brief write-up about the conversation using either the Interview Write-Up form (Event Day participants) or the online evaluation form (Rolling Interview participants).

- Interviews should be conversations about the student, their interests, what they are looking for in a college, how their school year is going, etc. We have provided a list of suggested questions to help guide the conversation if needed.

- Interviews are informational and not evaluative. Students should not be made to feel that this is a test or that they will get a “bad report”. It should be made clear that the purpose of the interview is to help the student get to know Babson better, and help them to provide more information about themselves for the admission committee.

- If there is ever a situation where you do not know the answer to a question, please refer the student to the office of undergraduate admission by phone at 781-239-5522 or toll free at 800-488-3696) or by email at ugradadmission@babson.edu.
