DEC 1 | 7:00 PM ET
Finale Celebration

PROGRAM OVERVIEW

The **CWEL Undergraduate Mentor Program** pairs Babson juniors and seniors of **all identities** with women professionals for a 12-week, one-to-one mentoring experience. The program facilitates meaningful developmental relationships aimed to support students in reaching their individual leadership and career goals.

WHAT YOU GAIN

- Fresh insights and diverse perspectives on education, industry, and entrepreneurial trends
- Applied practice in research-backed mentoring strategies that are valuable to leadership progression
- Access to an extended network of professionals affiliated with the CWEL and an outstanding talent pool of next-generation leaders

OUR MENTORS

Undergraduate mentors professionals with 3-15 years of work experience that are committed to making a difference in the lives of up-and-coming entrepreneurial leaders. They come from a variety of backgrounds and industries, live either locally or abroad, and have their own unique combination of expertise and networks to share.

COMMITMENT

Mentors can expect to dedicate 8-10 hours to the program from Sep. 15 to Dec. 1. In addition to four virtual mentoring sessions with your protégé, the time commitment includes an orientation, a speed-net-working session, and a celebratory closing event – **which will be conducted virtually.**

SUPPORT & TRAINING

CWEL offers a live and recorded orientation which will include an overview of the program goals and transferable best practices for mentorship. Access to a shared resource drive will be available and CWEL staff will be on hand to assist you throughout the duration of the experience.
