the mission of residence education is to develop safe and inclusive residential campus communities

Residence Education AY 2018-2019

- 18 specialized housing communities
- 660 RA programs
- 134 room change requests
- 184 administrator-on-call reports
- 199 conduct meetings

Resident assistant assessment

Residence Education has 62 total resident assistants (RA). We sent a survey to all residential students to gain a clearer understanding of the types of communities RAs were building, and the impact that RAs have had on their residents. The survey was implemented in December 2018 through January 2019. 35% of our residential population responded.

- 88% agree that they experience their community to be safe & inclusive
- 77% agree that their RA cares about them as a person
- 83% agree that their RA has been a resource for them

"My RA is great at creating a strong and inclusive community. She works really hard to plan events that a lot of people show up to. She is always available to ask questions and super helpful!"

"(My RA is) very approachable and always goes out of his way to help people. He is one of the nicest people I have ever met and really cares about the safety of all students on this floor."

"My RA helped me a lot not only on residential matters but also career advice & life lessons. She has been friendly, supportive, judgement-free, and is a likable and responsible person!"

looking ahead
