

Employee Testimonials

Division of Learner Success and Campus Life

Rick Burr

Director of Athletics Performance
20 years at Babson

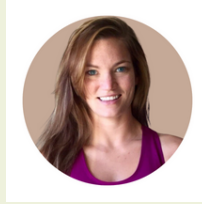

"Primarily I love working at Babson because of the community and the congruence of values that we are part of the development of our students to become leaders in their community. Babson has always had phenomenal leadership that appreciates and actively seeks your input which makes you feel respected as an employee."

Robin Ducharme

Associate Director of
Recreation and Wellness Programming
2 years at Babson

"I deeply appreciate the sense of respect and value I receive for the skill set I contribute to the Recreation Department. My employer demonstrates a sincere commitment to my professional growth by providing opportunities for challenging projects, all while fostering a healthy work life balance."

Jorge Gonzalez

Associate Director of Student Engagement
1 year at Babson

"I love working in the Division because the culture allows for me to be creative and innovative in my work, and peers/supervisors trust in my skills to accomplish my goals. Another major factor is the ability to work in a space that allows me to show up authentically in my identities as a Chicano professional, by creating space for me to find community with other BIPOG folks in the institution."

Nashley Gonzalez

Police Officer
4.5 years at Babson

"Ever since I began working at the Babson College Police Department, I have felt an incredible sense of community and family. I truly enjoy working with students and community members to form great relationships through programming, events, or just by being a helping hand in times of need. Babson College has given me a great platform to make a difference and I am grateful for the incredible people I've met along the way."

Karina Ovalles

Student Success Advisor
2 years at Babson

"From the admins in Hollister to the members of the Latine Employee Resource Group to the faculty and staff in Joel's workout class, what makes Babson special is that you can find community in many different spaces. I also love working with my colleagues to empower and support our diverse and entrepreneurial minded student body."

Ryan Travia

Associate Vice President for Student Success
9 years at Babson

"Babson is an incredibly relational community. The faculty and staff consistently demonstrate a genuine ethic of care for students both in and outside of the classroom. I also appreciate the ways in which we embrace failure, encourage innovation and entrepreneurial thinking, and test out various hypotheses in order to facilitate quality improvement."
