BabsonARTS' diverse programming includes theater, dance, music, film, literary and visual arts. We aim to expose students to the endless opportunities and careers in the arts and entertainment industry, to infuse creative thinking into the entrepreneurial mindset, and to support the creative and performing experiences of our many talented students and organizations on campus as a collaborator, advocate, and enthusiast.

Advisor of the Year

Our very own Director of the Sorensen Center for the Arts, Leslie Chiu, was awarded Advisor of the Year at the Best of Babson College Awards on April 25, 2022. We really could not be prouder-- and Leslie's vision, dedication, and love of the arts is something that inspires us all!
